

USAGE AREAS:

It is suitable for use in outdoor and indoor sports facilities, concerts and event areas.

SYSTEM DEFINITION:

New generation Flash Press Position, produced with artificial leather, is a system that complies with standards.

FEATURES:

The Flash Press Position offers comfortable and practical use with its ergonomic design, lightweight portability, easy assembly, and durability.

FLASH PRESS POSITION

TECHNICAL SPECIFICATIONS

1	The table surface and front panel are made of 12 mm thick sun and water-resistant compact G-COM material.
2	The table can be produced in different sizes according to demand: for one person with dimensions of 60 cm, for two persons with 120 cm, or for three persons with 180 cm.
3	Table legs are laser-cut from DKP sheet, shaped in the mold, and then painted with electrostatic powder coating.
4	The legs are mounted on a previously prepared 80 cm deep metal platform by the contractor.
5	The chairs are designed to resist breaking and disassembly by hooligans.
6	The chairs are movable on their own axis, automatically rotating to a seating position when not in use.
